RULES FOR WELCOMING YOUR FOUR-LEGGED FRIENDS

After some unpleasant incidents, we are required to adopt the following rules for managing pets and their owners.

Our hotel has always accepted animals (dogs and cats), and since **we want to continue** doing so, we kindly ask for your cooperation to guarantee a pleasant and worry-free stay for you and for all our guests.

To ensure a comfortable stay for everyone, we ask you to follow these rules:

- Pets (dogs and cats) are allowed only with prior notice;
- Extra charge for pets: €20.00 total per stay;
- Aggressive dogs or animals with problematic behavior are not allowed, regardless of size or breed;
- All dogs **must have insurance**; upon arrival, the owner must be able to show proof;
- Pets can access all common areas except the spa;
- In the restaurant: small/medium dogs can stay **under the table (they are not allowed on benches or chairs)** during lunch and dinner, only if they are calm and used to people. Pets are **not allowed** in the restaurant **during the breakfast buffet**;
- In common areas, pets must be on a leash or in a carrier;
- It is not allowed to let dogs go on armchairs, beds, or sofas; any damage or extra cleaning will be charged to the owner. It is possible to ask the staff for extra protective blankets or sheets;
- For the safety and comfort of the animal, the room won't be cleaned if the pet is left alone inside; please contact reception to arrange the cleaning time;
- **Owners take full civil and legal responsibility for any damage caused by their pets to people or property;**
- Please avoid prolonged barking or excessive behavior.
- The pet's behavior must be managed so it does not disturb other guests or animals; please always pay attention to the presence of other animals. If necessary, the pet must be calmed or taken away

Thank you for helping us create a calm and welcoming environment for all our guests, both human and animal!
